Record Date and Voting Securities

The Board of Directors has fixed the close of business on March 7, 2013 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were 19,486,727 outstanding shares of Astrotech’s common stock, no par value, including 16,666 shares of restricted stock with voting rights. Holders of common stock and restricted stock with voting rights are entitled to notice of the Annual Meeting and to one vote per share of common stock owned and restricted stock with voting rights granted as of the record date at the Annual Meeting. No shareholder shall be allowed to cumulate votes.

Proxies

The Board of Directors is soliciting a proxy in the form accompanying this proxy statement for use at the Annual Meeting and will not vote the proxy at any other meeting. Mr. Thomas B. Pickens III and Mr. Carlisle Kirkpatrick are the persons named as proxy on the proxy card accompanying this proxy statement and are who the Board of Directors has selected to serve in such capacity. Mr. Pickens is Chairman of the Board of Directors and Chief Executive Officer. Mr. Kirkpatrick is Chief Financial Officer, Treasurer and Secretary of the Company.

Receipt of Multiple Proxy Cards

On October 31, 2012, Mr. John Porter stated his intention to propose four alternative director nominees for election at the Annual Meeting. If Mr. Porter proceeds with his alternative nominations you may receive proxy solicitation materials from Mr. Porter, including an opposition proxy statement and proxy card. Your Board of Directors unanimously recommends you disregard these materials. If you have already voted using a proxy card provided by Mr. Porter, you have every right to change your vote by executing and returning the enclosed proxy card or by voting by telephone or via internet by following the instructions provided on the enclosed proxy card. Only the latest dated proxy you submit will be counted. If you vote to “WITHHOLD” your vote with respect to

any director nominated by Mr. Porter using the proxy card provided by Mr. Porter, your vote will not be counted as a vote “FOR” the Board’s nominees and will result in the revocation of any previous vote you may have cast on the enclosed proxy card. If you wish to vote pursuant to the recommendation of the Board, you should disregard any proxy card that you receive other than the enclosed proxy card.

We are not responsible for the accuracy of any information provided by or relating to Mr. Porter contained in any proxy solicitation materials filed or disseminated by, or on behalf of, Mr. Porter. Mr. Porter chooses which of our shareholders will receive his proxy solicitation materials.

Revocation of Proxies

Each shareholder giving a proxy has the power to revoke it at any time before the shares represented by that proxy are voted. Revocation of a proxy is effective when the Secretary of the Company receives either (i) an instrument revoking the proxy or (ii) a duly executed proxy bearing a later date. Additionally, a shareholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Voting of Proxies

Because many Astrotech shareholders are unable to attend the Annual Meeting, the Board of Directors solicits proxies to give each shareholder an opportunity to vote on all matters scheduled to come before the meeting as set forth in this proxy statement. Shareholders are urged to read carefully the material in this proxy statement and vote through one of the following methods:

1. Fully completing, signing, dating and timely mailing the proxy card;
2. Calling 1-866-390-5376 and following the instructions provided on the phone line; or
3. Accessing the internet voting site at www.proxypush.com/ASTC and following the instructions provided on the website.

Please keep your proxy card with you when voting via the telephone or internet. All votes via the telephone or internet must be submitted by 5:00 p.m. (Eastern Time) on April 25, 2013 in order to be counted. Each proxy card that is (a) properly executed, (b) timely received by the Company before or at the Annual Meeting, and (c) not properly revoked by the shareholder pursuant to the instructions above will be voted in accordance with the directions specified on the proxy and otherwise in accordance with the judgment of the persons designated therein as proxies. If no choice is specified and the proxy is properly signed and returned, the shares will be voted by the Board appointed proxy in accordance with the recommendations of the Board of Directors.

Vote Required for Quorum

The holders of at least a majority of all issued and outstanding shares of common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum.

Vote Required for Director Elections

As a result of Mr. Porter’s declared intention to propose alternative director nominees, assuming such nominees are in fact proposed for election at the Annual Meeting and such nominees have not been withdrawn by Mr. Porter on or prior to the tenth day before we mail the Notice of Meeting in this Proxy Statement to our stockholders, there will be more nominees than available positions, and, as provided in the Company’s Bylaws, directors will be elected on a plurality basis. This means that the six candidates receiving the highest number of “FOR” votes will be elected. A properly executed proxy card marked “WITHHOLD” with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at the Annual Meeting, but will not be considered to have been voted for or against the director nominee. Withhold votes and broker non-votes will have no effect on the outcome of the election. **It will NOT help elect your Board if you sign and return proxies sent by Mr. Porter even if you vote to “WITHHOLD” your vote with respect to their directors using the proxy card provided by Mr. Porter. In fact, doing so may cancel any previous vote you cast on the Company’s proxy card. The only way to support your Board’s nominees is to vote “FOR” the Board’s nominees on the enclosed proxy card.**

Vote Required for Auditor Ratification

The vote of the majority of the outstanding shares of common stock, present (in person or by proxy) and entitled to vote at the Annual Meeting is required to ratify the appointment of Ernst & Young as independent auditors for the Company (Proposal 2). **Abstentions will be the equivalent of an “Against” vote for Proposal 2.**

Vote Required for Say-on-Pay

The vote of the majority of the outstanding shares of common stock, present (in person or by proxy) and entitled to vote at the Annual Meeting is required to ratify the Say-on-Pay proposal (Proposal 3). Abstentions and broker non-votes do not constitute a vote “for” or “against” the proposal and will be disregarded in the calculation of “votes cast.” Although the outcome of this advisory vote on the compensation of our named executive officers is non-binding, the Compensation Committee and our Board will review and consider the outcome of this vote when making future compensation decisions for our named executive officers.

Vote Required for Say-on-Frequency

For the Say-on-Frequency vote (Proposal 4), the frequency - “1 Year,” “2 Years” or “3 Years”—receiving the highest number of affirmative votes of the holders of shares represented and voting at the Annual Meeting, either in person or by proxy, will be determined to be the preferred frequency of holding future votes regarding executive compensation. Although the outcome of this advisory vote on the frequency of Say-on-Pay votes is non-binding, the Compensation Committee and our Board will review and consider the outcome of this vote when making future compensation decisions for our named executive officers.

Method of Tabulation and Broker Voting

One or more inspectors of election appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting, and will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the approval of any matter submitted to the shareholders for a vote.

Many of the Company’s shares of common stock are held in “street name,” meaning that a depository, broker-dealer or other financial institution holds the shares in its name, but such shares are beneficially owned by another person. Generally, a street name holder must receive direction from the beneficial owner of the shares to vote on issues other than routine shareholder matters such as the ratification of auditors. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote at the Annual Meeting for such matter. **For Proposals 1 and 3, only votes “For” or “Against” such proposal will be counted, so broker non-votes will have no effect on determinations of plurality for that proposal. Proposal 2 is considered a “routine” matter, so brokers will be able to vote uninstructed shares on that proposal. For Proposal 4, only votes “For” a specified frequency will be counted, so broker non-votes will have no effect on determination of plurality for that proposal.**

The Board of Directors Role in Risk Oversight

The Board of Directors strives to balance the risk and return ratio for all Astrotech stakeholders. In doing so, management maintains regular communication with the Board of Directors, both on a formal and informal basis. This includes conversations on the state of the business, the industry and the overall economic environment with Astrotech management during formal Board of Directors meetings, formal Committee meetings and in more frequent informal conversations. Additionally, the Board of Directors utilizes its Committees to consider specific topics which require further focus, skill sets and/or independence, such as the Audit Committee and the Compensation Committee.

Committees of the Board of Directors

During fiscal year 2012, the Board of Directors had three standing committees: an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Each such committee currently consists of three persons and each member of the Audit, Compensation and Corporate Governance and Nominating Committees is required at the minimum to meet the independence requirements of the Nasdaq's Listing Rules.

The Corporate Governance and Nominating Committee, the Audit Committee and the Compensation Committee have adopted a charter that governs its authority, responsibilities and operation. The Company periodically reviews, both internally and with the Board of Directors, the provisions of the Sarbanes-Oxley Act of 2002, and the rules of the SEC and NASDAQ regarding corporate governance policies, processes and listing standards. In conformity with the requirement of such rules and listing standards, we have adopted a written Audit Committee Charter, a Compensation Committee Charter, and a Corporate Governance and Nominating Committee Charter, each of which may be found on the Company's web site at www.astrotechcorp.com under "For Investors" or by writing to Astrotech Corporation, 401 Congress Avenue, Suite 1650, Austin, Texas 78701, Attention "Investor Relations" and requesting copies.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee was created by the Board of Directors. The Corporate Governance and Nominating Committee is comprised solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Corporate Governance and Nominating Committee and approved by the Board of Directors. The charter is available in the "For Investors" section of the Company's web site at www.astrotechcorp.com. The primary purpose of the Corporate Governance and Nominating Committee is to provide oversight on the broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board of Directors members and recommending director nominees for the next Annual Meeting of Shareholders. As of the end of fiscal year 2012 the Corporate Governance and Nominating Committee consisted of Mr. Adams (Chairman), Ms. Manning and Mr. Oliva. During fiscal year 2012, the Corporate Governance and Nominating Committee met once.

Director Nomination Process

Astrotech's six director nominees were approved by the Board of Directors in March 2013 after considering the recommendation of the Corporate Governance and Nominating Committee. The Company's Articles of Incorporation provide that, with respect to any vacancies or newly created directorships, the Board of Directors will nominate individuals who receive a majority vote of the then sitting directors.

Regarding nominations for directors, the Corporate Governance and Nominating Committee identifies nominees in various ways. The Corporate Governance and Nominating Committee considers the current directors that have expressed interest in, and that continue to satisfy, the criteria for serving on the Board of Directors. Other

nominees may be proposed by current directors, members of management, or by shareholders. From time to time, the Corporate Governance and Nominating Committee may engage a professional firm to identify and evaluate potential director nominees. Regarding the skills of the director candidate, the Corporate Governance and Nominating Committee considers individuals with industry and professional experience that complements the Company's goals and strategic direction. The Corporate Governance and Nominating Committee has established certain criteria it considers as guidelines in considering nominations for the Board of Directors. The criteria include:

- the candidate's independence;
- the candidate's depth of business experience;
- the candidate's availability to serve;
- the candidate's integrity and personal and professional ethics;
- the diversity of experience and background relative to the Board of Directors as a whole; and
- the need for specific expertise on the Board of Directors.

The above criteria are not exhaustive and the Corporate Governance and Nominating Committee may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. In order to ensure that the Board of Directors consists of members with a variety of perspectives and skills, the Corporate Governance and Nominating Committee has not set any minimum qualifications and also considers candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board of Directors is a financial expert and a majority of the Board of Directors meet all applicable independence requirements, the Corporate Governance and Nominating Committee looks for how the candidate can adequately address his or her fiduciary requirement and contribute to building shareholder value. With regards to diversity, the Company does not have a formal policy for the consideration of diversity in Board of Director candidates, but Company practice has historically considered this in director nominees and the Company expects to continue to in future nomination and review processes.

The Corporate Governance and Nominating Committee will consider, for possible Board endorsement, director candidates recommended by stockholders. For purposes of the 2014 Annual Meeting, the Governance and Nominating Committee will consider any nominations received by the Secretary from a shareholder of record on or before December 27, 2013 (the 120th calendar day before the one-year anniversary date of the release of these proxy materials to shareholders). Any such nomination must be made in writing, must be accompanied by all nominee information that is required under the federal securities laws and must include the nominee's written consent to be named in the Proxy Statement. The nominee must be willing to allow the Company to complete a background check. The nominating shareholder must submit their name and address, as well as that of the beneficial owner, if applicable, and the class and number of shares of Astrotech common stock that are owned beneficially and of record by such shareholder and such beneficial owner. Finally, the nominating shareholder must discuss the nominee's qualifications to serve as a director.

The Audit Committee

The Audit Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Audit Committee and approved by the Board of Directors. The charter is available on the Company's web site which is www.astrotechcorp.com. The Audit Committee is responsible for appointing and compensating a firm of independent auditors to audit the Company's financial statements, as well as oversight of the performance and review of the scope of the audit performed by the Company's independent auditors. The Audit Committee also reviews audit plans and procedures, changes in accounting policies, and the use of the independent auditors for non-audit services. As of the end of fiscal year 2012, the Audit Committee consisted of Mr. Oliva (Chairman), Mr. Russler, and Ms. Manning. During fiscal year 2012, the Audit Committee met seven times. The Board of Directors has determined that John A. Oliva, Daniel T. Russler, Jr. and Sha-Chelle Manning met the qualification guidelines as an "audit committee financial experts" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

Audit Committee Pre-Approval Policy and Procedures

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of Ernst & Young, the Company's independent auditors. Audit Committee policy requires the pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific audit, audit-related, and tax services that are eligible for general pre-approval. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman of the Audit Committee the authority to grant certain specific pre-approvals; provided, however, that the Chairman of the Audit Committee is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve services performed by the independent auditors.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. Each request generally must include a detailed description of the type and scope of services, a proposed staffing plan, a budget of the proposed fees for such services, and a general timetable for the performance of such services.

The Report of the Audit Committee can be found in this proxy statement following the Proposal 2 description.

The Compensation Committee

The Compensation Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Compensation Committee and approved by the Board of Directors in May 2004, and amended in May 2005. The charter is available on the Company's web site, which is www.astrotechcorp.com. The Compensation Committee is responsible for determining the compensation and benefits of all executive officers of the Company and establishing general policies relating to compensation and benefits of employees of the Company. The Compensation Committee also administers the Company's 2008 Stock Incentive Plan, the 1994 Stock Incentive Plan, and the 1995 Directors' Stock Option Plan in accordance with the terms and conditions set forth in those plans. As of the end of fiscal year 2012, the Compensation Committee consisted of Mr. Russler (Chairman), Mr. Readdy, and Mr. Oliva. During fiscal year 2012, the Compensation Committee met seven times.

Astrotech's Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and, based on such review and discussion, recommended to the Board of Directors that such Compensation Discussion and Analysis be included in Form 10-K for fiscal year ended June 30, 2012. The report of the Compensation Committee is set forth in the Form 10-K filed with the SEC on September 28, 2012.

Director Attendance at Annual Shareholders Meeting

The Board of Directors members are expected to attend the Annual Shareholders Meeting. All of the members of the Board of Directors who are standing for election attended last year's Annual Meeting of Shareholders held on March 29, 2012.

Legal Proceedings

On January 10, 2013, a lawsuit was filed in the District Court of Travis County, Texas against the Company by John Porter, the former Senior Vice President, Chief Financial Officer, Treasurer and Secretary of the Company. In the lawsuit, Mr. Porter alleges various breaches of contract claims in connection with his termination from the Company on August 3, 2012. Mr. Porter seeks monetary damages of at least \$639,808. The Company intends to vigorously defend the lawsuit.

On February 20, 2013, Mr. Porter also filed a shareholder derivative lawsuit in the District Court of Travis County, Texas against the current directors and the chief executive officer of the Company and against the Company, as nominal defendant. Mr. Porter's complaint alleges, among other things, that the directors and chief executive officer breached fiduciary duties to the Company in connection with certain corporate transactions, including loans to subsidiaries and purchases of outstanding shares of the Company's common stock. The lawsuit seeks actual damages in an amount to be proved at trial in addition to any other relief available, including equitable relief. The Company intends to vigorously defend the lawsuit.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's common stock to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers, and greater than 10% shareholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms they file. Due dates for the reports are specified by those laws, and the Company is required to disclose in this document any failure in the past fiscal year to file by the required dates. Based solely on written representations of the Company's directors and executive officers and on copies of the reports that they have filed with the SEC, the Company's belief is that all of Astrotech's directors and executive officers complied with all filing requirements applicable to them with respect to transactions in the Company's equity securities during fiscal year 2012.

PROPOSAL 1 – ELECTION OF DIRECTORS

The Corporate Governance and Nominating Committee, which is comprised entirely of independent directors, has carefully considered all director nominees, including those proposed by Mr. Porter. Upon the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors has nominated Thomas B. Pickens III, Mark Adams, John A. Oliva, William F. Readdy, Sha-Chelle Manning and Daniel T. Russler, Jr. to the Board of Directors to serve as directors until the 2013 Annual Meeting of Shareholders. Each nominee has agreed to serve if elected.

All members of the Board of Directors are expected to be elected at the Annual Meeting. All directors shall hold office until the next Annual Meeting of Shareholders and until their successors are duly elected and qualified, or their earlier removal or resignation from office. The Company's articles of incorporation authorize the Board of Directors from time to time to determine the number of its members. Vacancies in unexpired terms and any additional director positions created by Board action may be filled by action of the existing Board of Directors at that time, and any director who is appointed in this fashion will serve until the next Annual Meeting of Shareholders and until a successor is duly elected and qualified, or their earlier removal or resignation from office.

The Board of Directors has determined that five of the six director nominees (indicated by asterisk in the following Table of "Information About Directors, Nominees and Executive Officers") have no relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are "independent directors" as defined by Rule 5605(a)(2) of the NASDAQ's Listing Rules.

Not less than annually, the Board of Directors undertakes the review and approval of all related-party transactions. Related-party transactions include transactions valued at greater than \$120,000 between the Company and any of the Company's executive officers, directors, nominees for director, holders of greater than 5% of Astrotech's shares and any of such parties' immediate family members. The purpose of this review is to ensure that such transactions, if any, were approved in accordance with our Code of Ethics and Business Conduct and for the purpose of determining whether any of such transactions impacted the independence of such directors. There were no such transactions in fiscal year 2012. The Board has affirmatively determined that none of the independent directors is an officer or employee of the Company or any of Astrotech's subsidiaries and none of such persons have any relationships which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Ownership of a significant amount of our stock, by itself, does not constitute a material relationship.

The Board of Directors held five meetings during fiscal year ended June 30, 2012 and all directors attended at least 75% of the meetings of the Board of Directors, with the exception of Mark Adams, who attended 67% of all meetings. The members of each committee and the chair of each committee are appointed annually by the Board of Directors.

Information about the number of shares of common stock beneficially owned by each director appears later in this proxy statement under the heading "Security Ownership of Directors, Executive Officers and Principal Shareholders."

We urge you to vote for the nominees proposed by the Board by using only the enclosed proxy card and not to sign or vote any proxy card sent to you by any other person or entity, including Mr. Porter. If you have already voted using a proxy card other than the proxy card enclosed, you can revoke it by signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided or by voting via the internet or by telephone. Only your last-dated proxy will count, and any proxy may be revoked at any time prior to its exercise at the Annual Meeting as described in this Proxy Statement.

The person named as proxy intend to vote the proxies "FOR" the election of each of these nominees unless you indicate on the enclosed proxy card a vote to "WITHHOLD" your vote with respect to any nominee. If for some reason any director nominee is unable to serve, or for good cause will not serve if elected, the person named as proxy may vote for a substitute nominee recommended by the Board, and unless you indicate otherwise on the

Director Independence and Financial Experts

The Corporate Governance and Nominating Committee, the Audit Committee and the Compensation Committee charters require that each member meet: (1) all applicable criteria defining "independence" that may be prescribed from time to time under NASDAQ Listing Rule 5605(a)(2), Rule 10A-(3) under the Securities Exchange Act of 1934, and other related rules and listing standards, (2) the criteria for a "non-employee director" within the meaning of Rule 16b-3 promulgated by the SEC under the Securities Exchange Act of 1934, and (3) the criteria for an "outside director" within the meaning of Section 162(m)(4)(C) of the Internal Revenue Code.

The Company's Board of Directors also annually makes an affirmative determination that all such "independence" standards have been and continue to be met by the independent directors and members of each of the three committees, that each director qualifying as independent is neither an officer nor an employee of Astrotech or any of its subsidiaries nor an individual that has any relationship with Astrotech or any of its subsidiaries, or with management (either directly or as a partner, shareholder or officer of an entity that has such a relationship) which, in the Board of Director's opinion, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, a director is presumptively considered not independent if:

- The director, at any time within the past three years, was employed by Astrotech or any of its subsidiaries;
- The director or a family member received payments from Astrotech or any of its subsidiaries in excess of \$120,000 during any period of twelve consecutive months within the preceding three years (other than for Board or Committee service, form investments in the Company's securities or from certain other qualifying exceptions);
- The director is, or has a family member who is a partner in, an executive officer or controlling shareholder of any entity to which Astrotech made to or received from payments for property or services in the current or in any of the prior three years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more (other than, with other minor exceptions, payments arising solely from investments in the Company's securities);
- The director is a family member of a person who is, or at any time during the three prior years was employed as an executive officer by Astrotech or any of its subsidiaries;
- The director is, or has a family member who is employed as an executive officer of another entity where at any time within the prior three years any of Astrotech's officers served on the compensation committee of the other entity; or
- The director is, or has a family member who is a current partner of Astrotech Corporation's independent auditing firm, or was a partner or employee of that firm who worked on the Company's audit at any time during the prior three years.

The Board of Directors has determined each of the following directors and director nominees to be an “independent director” as such term is defined by Rule 5605(a)(2) of the NASDAQ Listing Rules: Mark Adams; John A. Oliva; William F. Readdy; Sha-Chelle Manning and Daniel T. Russler, Jr. In determining Sha-Chelle Manning’s status as an “independent director,” the Board of Directors specifically considered Ms. Manning’s appointment in September 2012 as a volunteer member of the Texas Emerging Technology Advisory Committee. The Texas Emerging Technology Advisory Committee recommends proposals eligible for funding through the Texas Emerging Technology Fund. As previously disclosed, 1st Detect, a subsidiary of the Company, was the recipient of funding through the Texas Emerging Technology Fund in 2010.

The Board of Directors has also determined that each member of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee during the past fiscal year and the proposed nominees for the upcoming fiscal year meets the independence requirements applicable to those Committees prescribed by NASDAQ and SEC rules.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

As the leading commercial provider of payload processing services, ASO strives to provide our customers with the most advanced facilities and customer support that are unparalleled in the industry. With that mission in mind, ASO is continuously working to secure additional government and commercial customers that require our unique capabilities. Additionally, ASO works to further grow the business with our service offering designing, building, and operating spacecraft processing equipment and facilities.

Achieving our Company's aspirations requires a highly skilled, motivated team. Thus, our compensation system is designed to be competitive with those of other companies that compete for highly skilled technical employees and executives. Our performance-based compensation system is intended to include incentives for innovation and entrepreneurial spirit.

Guiding Principles

The Compensation Committee strives to achieve our strategic objectives by designing our compensation program to offer competitive base compensation to attract and retain experienced qualified executives while offering incentives to foster the innovation and entrepreneurial spirit necessary for executing our business strategy and rewards for successful achievement of performance goals. In designing our executive compensation program, we are guided by five principles:

- Establish target compensation levels that are competitive within the industries and the markets in which we compete for executive talent;
- Structure executive compensation so that our executives share in Astrotech's successes and failures by correlating compensation with target levels based upon business performance;
- Link pay to performance by making a percentage of total executive compensation variable, or "at risk", through an annual determination of performance-based incentive compensation;
- Align a portion of executive pay with shareholder interests through equity awards; and
- Maintain a company-wide entrepreneurial atmosphere by minimizing special "executive only" benefits or prerequisites.

Operation of the Compensation Committee

The Compensation Committee of the Board of Directors administers our executive compensation program and monitors the Company's overall compensation strategy to ensure that executive compensation supports the Company's business objectives. The Compensation Committee reviews and determines salary, short-term incentives, long-term incentives and other benefits for the Company's Chief Executive Officer ("CEO") and certain named executive officers ("NEOs").

For a more complete discussion of the responsibilities of the Compensation Committee, see the Operations of the Board of Directors — The Compensation Committee, and the charter for the Compensation Committee, posted on our web site at www.astrotechcorp.com.

The Compensation Program

The key components of our current compensation program for Astrotech executive officers are:

- Base salary;
- Short-term cash incentives;
- Long-term performance-based and other equity awards; and
- Other benefits.

To remain competitive, the Compensation Committee periodically benchmarks our executive compensation program to determine how actual compensation targets and levels compare to our overall philosophy and target markets. The primary purpose of the benchmarking process is to provide the Compensation Committee with data from a peer group of companies to use as a guide in determining Astrotech performance compensation. The peer group is comprised of a mix of public companies that are as follows:

- Geographically similar to the location of our Austin headquarters;
- In the aerospace, defense and government contractor industries; and
- Are of approximate size and complexity.

The list of companies used as the basis for benchmarking for the year ended June 30, 2012 is as follows:

- Integral Systems
- Herley Industries
- Ceradyne Inc.
- Sypris Solutions
- Orbital Science Corporation
- Valence Technology
- Active Power
- Convio
- SolarWinds
- Luminex
- KVH Industries

This benchmarking considers information from proxy data for the peer group's CEO and NEOs and was last presented to the Compensation Committee in August 2012. The Compensation Committee determined that the companies included in the peer group were reasonably similar to Astrotech. The Compensation Committee used the benchmark information as external market-based data points when determining the compensation levels for each of the NEOs. During the course of setting the NEO incentive compensation for 2012 and the salary for 2013, the Compensation Committee considered factors such as company and individual performance, in addition to, and along with, the benchmark information.

Other Considerations in Determining Executive Compensation

We believe that our executive compensation properly incentivizes our senior management to focus on the overall goals of the Company. Each element of our Executive Compensation Program is structured towards specific objectives. If a unique situation occurs where incentive goal adjustment or stock option repricing are considered, the Compensation Committee will perform a review of the individual facts and circumstances before taking any action.

Role of the Compensation Committee and CEO in Determining Executive Compensation

Mr. Pickens is not a member of the Compensation Committee. He did not attend the Compensation Committee meetings in July 2011 or August 2012, which discussed NEO and all other employee compensation.

Base Salary

Base salary is designed to compensate our employees in part for their roles and responsibilities, and also to provide a fixed level of compensation that serves as a retention tool throughout the executive's career. Initial base salaries were set considering each executive's roles and responsibilities, current skills, future potential and

comparable market compensation. Typically, the Compensation Committee reviews the base salaries of each NEO annually. Adjustments are made based on individual performance, changes in roles and responsibilities, and external market data for similar positions.

Short-Term Cash Incentives

At the discretion of the Compensation Committee, we provide annual incentive awards designed to reward the achievement of financial results measured over the fiscal year in which that compensation is earned. Generally, we compute the short-term cash incentives after the end of each fiscal year and make the cash awards during the first quarter of the next fiscal year. All employees of the Company are eligible, based upon maximum award levels stated as a percentage of base salary (“Payout Percentage”). The maximum award levels are set within our salary-grade structure for each salary grade ranging from 5% to 50%.

For fiscal year 2012, the Compensation Committee approved short-term cash incentives encompassing three equally weighted “Bonus Elements,” each based upon specific objectives set by the Compensation Committee at the beginning of the fiscal year. The sum of the Payout Percentage for each of the Bonus Elements, then is applied to the award levels for each employee to determine the Bonus Award. For fiscal year 2012, the Compensation Committee had established the following three Bonus Elements:

- Individual Performance — A Payout Percentage of up to 33% of the individual’s total bonus is based upon the officer or employee’s performance of his job responsibilities and achievement of individual goals as determined through the annual performance review process.
- Business Unit Performance — A Payout Percentage of up to 33% of the individual’s total bonus is to be awarded based upon the financial performance of the officer or employee’s business unit based upon net income, relative to the approved budget for the fiscal year.
- Corporate Performance — A Payout Percentage of up to 33% of the individual’s total bonus is to be awarded based upon the financial performance of the Company, as measured by comparing the approved budget of revenue, net income and backlog to actual results for the fiscal year.

Given the dynamic marketplace and the possibility of unforeseen developments, the Compensation Committee has discretionary authority to adjust such awards to reflect actual performance in light of such developments or to make other discretionary adjustments to the overall Payout Percentage or to individual employee bonuses. Bonus maximum award levels range from 30% to 50% of base salaries for our NEOs. On average, we target our short term cash incentives to comprise approximately 15% of the total compensation package of our NEOs.

During the review of the fiscal year ended June 30, 2012, the Compensation Committee held multiple meetings to discuss NEO performance versus a set of financial and non-financial performance targets, some of which extend beyond the current year, including:

- The Company meeting or exceeding the 2012 budget for revenue
- The Company meeting or exceeding the 2012 budget for net income
- Optimizing the Company’s capital structure
- Reducing controllable costs in order to allow reinvestment in potential growth initiatives
- Continuing business development for ASO
- Advancing the Spacetech initiatives
- Other activities designed to progress the overall value of the Company

In determining 2012 incentive compensation, the Compensation Committee reviewed each goal individually and discussed how the goals impacted the Company. While the Company appreciates the ease compensation plans which use simplistic goals based primarily on a financial performance measure, such as net income or adjusted income, the Compensation Committee believes that it is important for the Company to have additional goals which are designed to increase shareholder value in the current year and over a longer time horizon. As such,

there is not a specific formula for the non-financial goals or a set of performance targets that must be achieved in order for NEOs to earn their incentive compensation, nor are the non-financial goals all equally weighted in the view of the Compensation Committee. Additionally, the bonus philosophy requires the Compensation Committee to review individual performance when determining annual incentive pay.

Following a thorough review and discussion, the fiscal year 2012 actual cash incentive award was determined by the Compensation Committee for each NEO. The percentage of target paid reflects the overall decision by the Compensation Committee on the combination of factors described above, including, but not limited to, the performance against the fiscal year 2012 budget, the non-financial quantitative goals that each NEO worked to complete, and the individual performance of the NEO. The Compensation Committee decision culminated in the following awards for fiscal year 2012: Mr. Pickens' cash incentive of \$185,000 represented 93% of his target and Mr. White's cash incentive of \$125,000 represented 111% of his target.

Long-Term Non-cash Incentive Awards

Our long-term incentive awards are used to link Company performance and increases in shareholder value to the total compensation of our NEOs. These awards are also key components of our ability to attract and retain our NEOs. The annualized value of the awards to our NEOs is intended to be a significant component of the overall compensation package. On average, and assuming performance is on target, these awards are targeted to represent up to 40% of the total compensation package, consistent with our emphasis on linking executive pay to shareholder value.

Our shareholder-approved incentive plans allow for the granting of stock options based upon Astrotech's stock prices in the public markets. Stock options are granted with an exercise price not less than the market price of our common stock on the grant date. Options generally vest over a period of four years with 25% becoming exercisable on each anniversary of the grant date as long as the recipient is still employed by the Company on the date of vesting, and generally expire after ten years.

Stock awards, restricted stock grants and stock option awards were made to our NEOs in August 2010 and November 2010, in the amounts set forth in the table labeled Fiscal Year 2011 Grants of Plan-Based Awards.

Benefits

Our benefit programs are established based upon an assessment of competitive market factors and a determination of what is needed to attract and retain high caliber executives and other employees. Astrotech's primary benefits for executives include participation in the Company's broad-based plans: the 401(k) Plan, the Company's health, dental and vision plans and term life and disability insurance plans. The Company also provides certain executives, including some NEOs, with supplemental disability insurance. This plan offers additional income protection to Senior Vice Presidents and above and is provided to supplement the monthly benefit amounts that are capped in the general disability policy. The Company provides 1.5 times of each NEOs annual base salary to a maximum of \$300,000 in term life insurance and pays the premium for such insurance. The fair value of premiums paid in excess of IRS limitations are included as other income reported for the NEO.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its NEOs. The agreements provide that the Company shall indemnify and hold harmless each indemnitee from liabilities incurred as a result of such indemnitee's status as an officer or employee of the Company, subject to certain limitations.

Post-Termination Compensation

The Compensation Committee believes that severance benefits and change of control benefits are necessary in order to attract and retain the caliber and quality of executive that the Company needs in its most senior positions. These benefits are particularly important to provide for continuity of senior management allowing executives to focus on results and long-term strategic initiatives.

As of June 30, 2012, Mr. Pickens and Mr. White were the executives with existing employment contracts. In July 2010, Mr. Royston was terminated from Astrotech. The agreements provide for severance payments and benefits if termination occurs without “cause” or if the executive leaves for “good reason.” There is also additional compensation provided in circumstances following such termination after a “change in control.” Additional information regarding the severance and change in control payments, including a definition of key terms and a quantification of benefits that would have been received by our NEOs at termination is found under Potential Payments upon Termination or Change in Control, which follows.

Stock Ownership Guidelines

The Company has not established stock ownership guidelines.

Tax Deductibility Policy

The Compensation Committee considers the deductibility of compensation for federal income tax purposes in the design of the Company’s compensation programs. We believe that all of the incentive compensation paid to our NEOs for fiscal year 2012 qualifies as “performance-based compensation” and thus, is fully deductible by the Company for federal income tax purposes. While we generally seek to ensure the deductibility of the incentive compensation paid to our NEOs, the Compensation Committee intends to retain the flexibility necessary to provide cash and equity compensation in line with competitive practice, our compensation philosophy, and the best interest of our Shareholders even if these amounts are not fully tax deductible. The employment agreements between the Company and its NEOs provide for interpretation, operation and administration consistent with the intent of Section 409A of the Internal Revenue Code, to the extent applicable.

Fiscal Year 2012 Grants of Plan-Based Awards

The following table shows additional information regarding: (i) the target and presumed maximum level of annual cash incentive awards for the Company's executive officers for performance during fiscal year 2012, as established by the Compensation Committee; and (ii) Astrotech equity awards granted in August 2012 that were awarded to help retain the NEOs and focus their attention on building shareholder value. The actual amount of the annual cash incentive award received by each NEO for performance during fiscal year 2012 is shown in the Fiscal Year 2012 Summary Compensation Table.

- (1) Estimated bonus for Mr. Pickens and Mr. White are computed at a maximum of 50% of base salary. Estimated target bonus percentage is 30% of base salary.

The fiscal year 2012 actual cash incentive award was determined by the Compensation Committee for each NEO. Mr. Pickens' bonus of \$185,000 represented 93% of his maximum bonus and 46% of his salary. Mr. White's bonus of \$125,000 represented 111% of his maximum bonus and 56% of his salary. The bonuses were based on performance for the fiscal year 2012 (further detail is provided in the Short-Term Cash Incentives discussion).

Employment Agreements

During fiscal year 2012, the Company had employment agreements in place with Mr. Pickens and Mr. White. Each employment agreement sets forth, among other things, the NEO's minimum base salary, bonus opportunities and provisions with respect to certain payments and other benefits upon termination of employment under certain circumstances such as without "Cause," leaving employment for "Good Reason" or a "Change in Control." Please see Potential Payments Upon Termination or Change in Control for a description of such provisions.

The minimum base salary set in the employment agreement for Mr. Pickens is \$360,000 and for Mr. White is \$184,765. The NEOs are eligible for short-term cash incentives, as are all employees of the Company. All NEO's maximum bonus is 50%, subject to Compensation Committee discretion.

Awards

On January 19, 2010, an independent committee of the Board of Directors of 1st Detect, a subsidiary of the Company, approved a grant of 1,180 restricted stock shares and 1,820 stock purchase warrants to certain officers, directors and employees of 1st Detect. Additionally, on the same day, an independent committee of the Board of Directors of Astrogenetix, a subsidiary of the Company, approved a grant of 1,550 restricted stock shares and 2,050 stock purchase warrants to certain officers, directors and employees of Astrogenetix.

The Compensation Committee also awarded bonuses to directors, NEOs, and employees in August 2012, in recognition of the employee performance during fiscal year 2012.

Salary and Bonus in Proportion to Total Compensation

We believe that a substantial portion of each NEO's compensation should be in the form of performance based awards, particularly equity based awards which align the interests of management with that of the shareholders. In 2012, the total compensation of our NEOs was consistent with this philosophy. Providing long-term compensation such as equity awards allows the Company to attract and incentivize qualified executives with less cash outlay, and to retain the executives over a longer period.

Pension Benefits

All employees of the Company, including NEOs, are eligible to participate in the Astrotech 401(k) plan. In accordance with this plan, employees are eligible to contribute up to 35% of their base salary subject to Internal Revenue Service limitations into the plan with all such contributions being fully vested upon contribution. The Company will match, dollar for dollar, up to 5% of the employee's salary. Employer contributions into the plan vest pro-rata after 3 years of vesting service and are fully vested thereafter. The Company has no additional pension benefits for its NEOs.

The Company does not have a nonqualified deferred compensation plan and the NEOs have not accrued any benefits or rights to payments other than the Astrotech 401(k) Plan and potential payments upon termination discussed below.

Potential Payments Upon Termination or Change in Control

As noted under Compensation Discussion and Analysis — Post-Termination Compensation, the Company has entered into employment agreements with Mr. Pickens and Mr. White that provide for payments and other benefits in connection with the officer's termination for a qualifying event or circumstance and for enhanced payments in connection with such termination after a Change in Control (as defined in the applicable agreement). A description of the terms with respect to each of these types of terminations follows.

Termination Other Than After a Change in Control

The employment agreements provide for payments of certain benefits upon the termination of the employment of the NEO. The NEO's rights upon termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of "Cause" and "Good Reason" as those terms are used in those agreements. For purposes of the employment agreements, the Term of Employment may be terminated at any time by the Company upon any of the following:

- Death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- For Cause or Material Breach where Cause is defined as conviction of certain crimes and/or felonies, and Material Breach is defined to include certain specified failures to perform duties or uphold fiduciary responsibilities; or
- Otherwise at the discretion of the Company and subject to the termination obligations set forth in the employment agreement.

The NEO may terminate the Term of Employment at any time upon any of the following:

- Upon the death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- Upon the Company's material reduction in the NEO's authority, perquisites, position, title or responsibilities or other actions that would give the NEO the right to resign for "Good Reason;" or
- Otherwise at the discretion of the NEO and subject to the termination obligations set forth in the employment agreement.

The benefits to be provided to the NEO in each of these situations are described in the tables below, which assume that the termination had taken place in fiscal year 2012.

Termination after a Change in Control

A termination after a Change in Control is similar to the severance provisions described above, except that the NEO becomes entitled to benefits under these provisions only if his employment is terminated within twelve months following a Change in Control. A Change in Control for this purpose is defined to mean (i) the acquisition by any person or entity of the beneficial ownership of securities representing 50% or more of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors of the Company; (ii) the date on which the majority of the members of the Board of Directors of the Company consists of persons other than directors nominated by a majority of the directors on the Board of Directors at the time of their election; and (iii) the consummation of certain types of transactions, including mergers and the sale or other disposition of all, or substantially all, of the Company's assets.

As with the severance provisions described above, the rights to which the NEO is entitled under the Change in Control provisions upon a termination of employment are dependent on the circumstances of the termination. The definitions of Cause and other reasons for termination are the same in this termination scenario as in a termination other than after a Change in Control.

Payment Obligations Under Employment Agreements Upon Termination of Employment of NEO

The following tables set forth Astrotech's potential future payment obligations under the employment agreements under the circumstances specified upon a termination of the employment of our NEOs. Unless otherwise noted, the descriptions of the payments below are applicable to all of the tables relating to potential payments upon termination or a Change in Control.

Equity Acceleration — The Company’s employment agreements include provisions to accelerate the vesting of outstanding equity awards upon termination, including termination pursuant to a Change in Control. The Compensation Committee oversees the Astrotech stock incentive plans and is charged with the responsibility of reviewing and granting exceptions to previously issued equity grants on a case by case basis.

Health Care Benefits — The employment agreements generally provide that, after resignation for Good Reason or termination without Cause, the Company will continue providing medical, dental, and vision coverage to the NEO and the NEO’s dependents at least equal to that which would have been provided if the NEO’s employment had not terminated, if such coverage continues to be available to the Company, until the earlier of (a) the date the NEO becomes eligible for any comparable medical benefits provided by any other employer or (b) the end date of an enumerated period following the NEO’s date of termination.

As termination benefits would be payable upon an event following June 30, 2012, the tables below reflect salary changes made by the Compensation Committee for fiscal year 2013.

DIRECTOR COMPENSATION

Overview

Astrotech's director compensation program consists of cash-based as well as equity-based compensation. The Board of Directors recognizes that cash compensation is an integral part of the compensation program and has instituted a fixed and variable fee structure to provide compensation relative to the required time commitment of each director. The equity component of Astrotech's director compensation program is designed to build an ownership stake in the Company while conveying an incentive to directors relative to the returns recognized by our Shareholders.

Cash-Based Compensation

Company directors, other than the Chairman of the Audit Committee and Chairman of the Compensation Committee, receive an annual stipend of \$30,000 paid upon the annual election of each non-employee director or upon joining the Board of Directors. The Chairman of the Audit Committee receives an annual stipend of \$40,000 and the Chairman of the Compensation Committee and the Governance and Nominated Committee receive an annual stipend of \$35,000, recognizing the additional duties and responsibilities of those roles. In addition, each non-employee director receives a meeting fee of \$3,000 for each meeting of the Board of Directors attended in person and \$1,000 for each such meeting attended by conference call.

Audit Committee members received \$750 for attendance to meetings in person or by conference call, while the Compensation Committee and the Governance and Nominating Committee members received \$500 for attendance to meetings in person or by conference call. All directors are reimbursed ordinary and reasonable expenses incurred in exercising their responsibilities in accordance with Travel and Entertainment Expense Reimbursement policy applicable to all employees of the Company.

Equity-Based Compensation

Under provisions adopted by the Board of Directors, each non-employee director receives 25,000 shares of restricted common stock issued upon his first election to the Board of Directors, subject to board discretion. Restricted stock and stock options granted typically vest 25% annually, beginning after one year and terminate in 10 years. Already vested shares do not expire upon termination of the director's term on the Board of Directors.

Pension and Benefits

The non-employee directors are not eligible to participate in the Company's benefits plans, including the 401(k) plan. Indemnification Agreements

The Company is party to indemnification agreements with each of its directors that require the Company to indemnify the directors to the fullest extent permitted by Washington state law. The Company's certificate of incorporation also requires the Company to indemnify both the directors and officers of the Company to the fullest extent permitted by Washington state law.

PROPOSAL 2 – APPOINTMENT OF INDEPENDENT AUDITORS

On October 15, 2012, the Astrotech Audit Committee engaged Ernst & Young, LLP as independent auditor for the fiscal year ending June 30, 2013. With regards to this proposal, the Board of Directors is requesting the shareholders to ratify the appointment of Ernst & Young, LLP as independent auditor for the fiscal year ending June 30, 2013. Ratification requires the affirmative vote of a majority of the shares of common stock present at the Annual Meeting in person or by proxy and entitled to vote on the matter.

Ratification Requirements and Governance

There is no requirement that the Company submit the appointment of independent auditors to shareholders for ratification or for the appointed auditors to be terminated if the ratification fails, but Astrotech believes that it is sound corporate governance to submit the matter to shareholder vote. The Sarbanes-Oxley Act of 2002 states the Audit Committee is solely responsible for the appointment, compensation and oversight of the independent auditor. As such, the Audit Committee may consider the appointment of other independent auditors if the shareholders choose not to ratify the appointment of Ernst & Young, LLP. Additionally, the Audit Committee may terminate the appointment of Ernst & Young, LLP as the Company's independent auditors without the approval of the shareholders whenever the Audit Committee deems such termination appropriate.

Independence

In making its recommendation to ratify the appointment of Ernst & Young, LLP as the Company's independent auditors for the fiscal year ending June 30, 2013, the Audit Committee has considered whether the provision of non-audit services by Ernst & Young, LLP is compatible with maintaining the independence of Ernst & Young, LLP. During fiscal year 2012, Ernst & Young, LLP did not provide any non-audit services to Astrotech.

Annual Meeting Representation

Representatives of Ernst & Young, LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions from the shareholders present.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of Ernst & Young, the Company's independent auditors. Audit Committee policy requires the pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific audit, audit-related, and tax services that are eligible for general pre-approval. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman of the Audit Committee the authority to grant certain specific pre-approvals; provided, however, that the Chairman of the Audit Committee is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve services performed by the independent auditors.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. Each request generally must include a detailed description of the type and scope of services, a proposed staffing plan, a budget of the proposed fees for such services, and a general timetable for the performance of such services.

Audit Fees

The aggregate fees expensed for each of the last two fiscal years for professional services rendered by Ernst & Young, LLP for the audit of the Company's annual financials and review of financials contained in the Company's quarterly reports were \$205,792 for fiscal year ended June 30, 2012 and \$194,000 for fiscal year ended June 30, 2011.

Audit-Related Fees

There were no audit-related fees billed by or to be billed by Ernst & Young, LLP for fiscal years ended June 30, 2012 or 2011.

Tax Fees

Ernst & Young, LLP did not provided tax related services to the Company during fiscal years 2012 or 2011.

All Other Fees

The Company paid no other fees to Ernst & Young, LLP during fiscal year 2012 or 2011.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG, LLP AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING JUNE 30, 2013

Report of the Audit Committee

The Board of Directors has established an Audit Committee of independent directors which operates under a written charter adopted by the Board of Directors. The charter was amended and restated in May 2004. Astrotech's management is responsible for establishing a system of internal controls and for preparing the Company's consolidated financial statements in accordance with generally accepted accounting principles. Astrotech's independent auditors are responsible for auditing the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and issuing their report based on that audit. Under the Audit Committee's charter, the primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities as to (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements and the Company's Code of Business Conduct and Ethics, (iii) the independent auditors' qualifications and independence, and (iv) the performance of the independent auditors. The Audit Committee is also directly responsible for selecting and evaluating the independent auditors; reviewing, with the independent auditors, the plans and scope of the audit engagement; and reviewing with the independent auditors their objectivity and independence.

The members of the Audit Committee are not professional accountants or auditors and, in performing their oversight role, rely without independent verification on the information and representations provided to them by management and Astrotech's independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principles generally accepted in the United States, or that Astrotech's independent auditors are in fact "independent" for fiscal year 2012. The Board of Directors has determined that for fiscal year 2012, John A. Oliva, Daniel T. Russler, Jr. and Sha-Chelle Manning were audit committee financial experts and such persons are independent as defined under the federal securities laws.

In connection with the preparation of the audited financial statements included in Astrotech's Annual Report on Form 10-K for the year ended June 30, 2012:

- The Audit Committee reviewed and discussed the audited financial statements with the independent auditors and management.
- The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. In general, these auditing standards require the auditors to communicate to the Audit Committee certain matters that are incidental to the audit, such as any initiation of, or changes to, significant accounting policies, management judgments, accounting estimates, and audit adjustments; disagreements with management; and the auditors' judgment about the quality of the Company's accounting principles.
- The Audit Committee received from the independent auditors written disclosures and the letter regarding their independence required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and discussed with the auditors their independence. In general, Independence Standards Board Standard No. 1 requires the auditors to disclose to the Audit Committee any relationship between the auditors and its related entities and Astrotech that in the auditors' professional judgment may reasonably be thought to bear on independence. The Audit Committee also considered whether the independent auditors' provision of non-audit services to Astrotech was compatible with maintaining their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended June 30, 2012 be included in Astrotech's Annual Report on Form 10-K filed with the SEC.

This report is submitted by the members of the Audit Committee of the Board of Directors:

John A. Oliva (Chairman)

Daniel T. Russler, Jr.

Sha-Chelle Manning

The foregoing Audit Committee Report shall not be deemed to be incorporated by reference in any previous or future documents filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates the report by reference in any such document.

PROPOSAL 3 – SAY-ON-PAY ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

General

Shareholders are being asked to approve, on an advisory basis, the compensation of our named executive officers, as disclosed under Securities and Exchange Commission rules, including the Compensation Discussion and Analysis, the compensation tables and related material included in this Proxy Statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives you, as a shareholder, the opportunity to express your reviews on our named executive officers’ compensation. Your vote is not intended to address any specific item of our compensation program, but rather to address our overall approach to the compensation of our named executive officers described in this proxy statement.

As described under “Compensation Discussion and Analysis,” our executive compensation programs are designed to be competitive with those of other companies that compete for highly skilled technical employees and executives. Our performance-based compensation system is intended to include incentives for innovation and entrepreneurial spirit. The Compensation Committee oversees our executive compensation program, including the compensation of our named executive officers. All members of our Compensation Committee are independent directors, within the meaning of NASDAQ listing standards, and the Compensation Committee engages and receives advice from an independent compensation consultant.

The Compensation Committee strives to achieve our strategic objectives by designing our compensation program to offer competitive base compensation to attract and retain experienced, qualified executives while offering incentives to foster the innovation and entrepreneurial spirit necessary for executing our business strategy and rewards for successful achievement of performance goals. In designing our executive compensation program, we are guided by five principles:

- Establish target compensation levels that are competitive within the industries and the markets in which we compete for executive talent;
- Structure executive compensation so that our executives share in Astrotech’s successes and failures by correlating compensation with target levels based upon business performance;
- Link pay to performance by making a percentage of total executive compensation variable, or “at risk”, through an annual determination of performance-based incentive compensation;
- Align a portion of executive pay with shareholder interests through equity awards; and
- Maintain a company-wide entrepreneurial atmosphere by minimizing special “executive only” benefits or prerequisites.

Our Compensation Committee and our Board believe our overall process effectively implements our compensation philosophy and achieves our goals. Accordingly, we ask you to vote **FOR** the following resolution at our Annual Meeting:

“RESOLVED, that Astrotech Corporation’s shareholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in this proxy statement pursuant to the SEC’s compensation disclosure rules, including the Compensation Discussion and Analysis, the executive compensation tables and related narrative discussion.”

This vote on the named executive officer compensation is advisory, and therefore will not be binding on the Company and will not affect, limit or augment any existing compensation or awards. However, we value our shareholders’ opinions and the Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements.

Directors’ Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE SAY-ON-PAY PROPOSAL. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR VOTING INSTRUCTIONS.

**PROPOSAL 4 – SAY-ON-FREQUENCY ADVISORY VOTE ON THE FREQUENCY OF
SHAREHOLDER SAY-ON-PAY VOTES**

General

In addition to the “Say-on-Pay” proposal above, shareholders are being asked to vote, on an advisory basis, on how frequently Astrotech should present shareholders with a Say-on-Pay vote on the compensation of our named executive officers. You may vote to have a Say-on-Pay vote held annually, every two years or every three years, or you may abstain. As required under SEC rules, this non-binding “frequency” vote will be presented to shareholders at least once every six years beginning with this Annual Meeting.

Our Board of Directors determined that an advisory vote on named executive officer compensation every three years is the most appropriate alternative for Astrotech at this time and recommends that you vote for a three-year interval for the advisory shareholder vote on named executive officer compensation.

This vote on the frequency of shareholder Say-on-Pay votes is advisory, and therefore will not be binding on the Company. However, we value our shareholders’ opinions and the Compensation Committee will take into account the outcome of the vote when recommending a Say-on-Pay voting frequency to the Board. In voting on this proposal, you should be aware that you are not voting “for” or “against” the Board’s recommendation on the frequency of holding advisory stockholder Say-on-Pay votes. Rather, you are voting on your preferred voting frequency by choosing the option of one year, two years or three years, or you may abstain from voting on this proposal.

Directors’ Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE “**3 YEAR**” OPTION IN THE ADVISORY VOTE ON THE FREQUENCY OF SHAREHOLDER SAY-ON-PAY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR VOTING INSTRUCTIONS.

ADDITIONAL INFORMATION

Proxy Solicitation Expense

For the Annual Meeting, the Company has engaged Morrow & Co., LLC, 470 West Ave., Stamford, Connecticut 06902, to assist in soliciting proxies. Morrow has been paid a fee of \$25,000 and is entitled to receive additional payments of up to \$50,000, upon the occurrence of certain events, plus out-of-pocket expenses for this service. We do not expect our aggregate expenses related to our solicitation of proxies, other than Morrow's fees, to exceed those normally spent for an Annual Meeting. In addition to solicitation by mail, directors, officers, and employees of the Company, without receiving any additional compensation, may solicit proxies personally or by telephone or facsimile. The Company has retained Mediant Communications to request brokerage houses, banks, and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so. The Company does not anticipate that the costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for those matters to be voted on in the Annual Meeting.
